## CMS REPORTS STABLE EARNINGS WITH PRE-TAX PROFIT OF RM302 MIL

24 February 2017

CMS reported a total revenue of RM1.55 billion and pre-tax profit (PBT) of RM302.14 million for the financial year ended 31 December 2016 (FY 2016). Revenue and PBT decreased by 13% and 22% in comparison to the preceding year's (FY 2015) record result of RM1.79 billion and RM388.60 million.

CMS recorded a strong recovery in profits during the second half of 2016 (2H16) with PBT of RM236.47 million in comparison to the first half of 2016's (1H16) PBT of RM65.67 million. PBT for the fourth quarter ended 31 December 2016 (4Q16) of RM141.73 million improved by 50% in comparison to the third quarter ended 30 September 2016's (3Q16) PBT of RM94.74 million and 16% in comparison to the fourth quarter ended 31 December 2015's (4Q15) PBT of RM122.32 million.

Despite challenging market conditions, Cement Division recorded a PBT of RM105.0 million, Construction Materials & Trading Division reported a PBT of RM106.75 million, Construction & Road Maintenance Division recorded a PBT of RM85.40 million (excluding the share of results of joint ventures) which was due to less construction works undertaken and to the reinstatement of arrears of revenue from routine maintenance work during 2015 resulting in exceptionally solid financial results for the year. In comparison to FY 2015, Property Development Division's PBT improved by 18% to RM23.51 million.

CMS recorded losses of RM35.17 million in FY 2016 largely due to the losses reported by a CMS associate during 1H16 but steadily improved in 2H16.

**BORNEO744**  
ENTREPRENEUR & ARTS DISTRICT, KUCHING

takes centre stage  
as Sarawak's  
Creativity &  
Entrepreneurship  
Hub

15 February 2017

 [borneo744.com](http://borneo744.com)

 <https://www.facebook.com/borneo744>

Borneo744, Malaysia's first Blue Ocean Entrepreneurs Township welcomed representatives from project partners (Ministry of Finance and Sarawak State Government) and potential partners, users and occupants including Malaysian Global Innovation & Creativity Centre and Tanoti to its press conference at its premises in Bintawa.

Located on a 10-acre site in a former JKR warehouse complex just 11km from Kuching City Centre and 5km from the Borneo Convention Centre Kuching, Borneo744 is intended to become a much needed hub for entrepreneurs and creatives to meet, collaborate, make, sell and showcase their work.

Dubbed the 'Entrepreneur & Arts District, Sarawak', Borneo744 is a 100% non-profit NGO which allow entrepreneurs and creatives to freely express themselves, with the five featured buildings (Block A to E) all catering to specific activities such as performing arts, exhibitions, events, fashion shows, crafts, co-working spaces and start-up manufacturing to name a few.

Borneo744 was announced by Prime Minister YAB Dato' Sri Mohd Najib Razak in April 2016. The land which houses the project is maintained by CMS Land Sdn Bhd and is land rent-free for fifteen years, is as a CSR initiative of CMS.

Borneo744 will hold its soft launch on 19 May 2017.

# MIRI-MARUDI ROAD UPGRADING

## Gaining Ground & Still Ahead of Schedule

9 March 2017

CMS Roads announced that construction of the Miri-Marudi road is progressing ahead of schedule and is anticipated to be completed before the end of the 30-month contract period.

In October 2016, local communities and road users appealed to the State Government to commence construction of the project ahead of the contracted start-date, due in part to the hazardous conditions of the existing road. Understanding their concerns, which had been aggravated by adverse weather conditions, CMS Roads mobilised their resources and commenced work on the 43.2km Miri-Marudi road on 13 November 2016.

As part of the company's commitment to development and the safety and convenience of road users, CMS Roads pledged to release quarterly updates on this project. CMS Roads' next planned update on the Miri-Marudi road is scheduled for late June 2017.

CMS Roads and JKR Sarawak organised a workshop titled 'Management & Maintenance of Road Assets using Performance-based Contract' in Kuching from 6 to 7 April 2017. The workshop was officiated by Deputy Chief Minister and Minister of Infrastructure Development and Transportation, YB Tan Sri Datuk Amar Dr. James Jemut Anak Masing.

With the tagline *Building on the Past for Sarawak's Future*, the 2-day workshop marked an important milestone towards achieving the highest performance standard for the management and maintenance of State roads. The workshop offered an open and collaborative platform to share, discuss and determine firm strategies to enhance the State's road assets management and maintenance approach in line with the needs of a rapidly-developing State.

"CMS Roads has exceeded its contractual performance at every level, every year, as reflected in the Road Maintenance Index (RMI) and Contractual Assessment Rating, and we have introduced specialised equipment, such as road scanners, and an innovative maintenance management system, the CMS Road Engineering Asset Management System -CREAM- to ensure the expectations of all our stakeholders are not only met, but surpassed. Notwithstanding all this, CMS Roads acknowledges that there is always room for improvement and is collaborating with JKR Sarawak to incorporate revised and improved standards and work scope so as to ensure, going forward, that Sarawak has better roads" said Dato' Richard Curtis.

## CMS CONCRETE PRODUCTS PARTICIPATES AT IEM EXPO 2017

11 March 2017

A huge crowd of youngsters and jobseekers were seen at The Institute of Engineers, IEM Career Fair & Expo 2017 at CityONE Megamall, Kuching over the weekend.

CMS Concrete Products marketing team of seven led by Lim Wee Han, Technical & Sales Manager were on duty during the 2-day expo, showcasing their precast products which included the various grades of RMC, reinforced concrete square piles, bridge beams and Industrialised Building System (IBS) products and solutions.

YB Cr. Lo Khare Chiang greeted by Mr Lau Sie Ang, Deputy General Manager of CMS Concrete Products along with the marketing team during the opening ceremony.

# TPS DELIVERS WORLD-CLASS RESULTS FOR OVER 20 YEARS

9 February 2017

Tunku Putra School (TPS) celebrated another year of excellent IGSCE results with special congratulations given to Joanna Lim and Yeri Han, who each scored seven A\* and one A grade as the two highest achievers. TPS recorded strong performances in English as a First Language with 92% of students achieving a grade B or higher and 60% achieving an A\* or A in English Literature.

This year's results also showed that TPS students continue to perform exceptionally in mathematics and the three Science subjects with 52% of the results were graded A\* or A (Physics) while 70% were graded B or higher (Additional Mathematics).

Yeri, along with eleven of her fellow students from Year 11, Year 10 and Form 5 also successfully achieved the Bronze Level Certificate of the Duke of Edinburgh International Award, globally-recognised as a leading initiative for young people, enables students aged between 14 and 25 to learn practical skills that are valuable to their personal and professional development.

To add to the list of achievements in 2016, Joseph Chung together with his team clinched the first runners up at the Sime Darby Young Innovators' Challenge organised by Swinburne University of Technology, for the 'Food Robin' app that connects supermarkets with extra food to NGOs and charity organisations. He also received Gold for his Smart E-Cushion that helped to prevent pressure ulcers from occurring, regulating the pressure evenly by inflating and deflating, in the Kuala Lumpur Engineering Sciences Fair 2016.

# STAY UNITED & NEVER GIVE UP !

## Baleh Kapit Raft Safari 2017

1 – 3 April 2017

There were hearsays and stories from past experiences that both warned and prepared us for what would be a tough '4 Days 3 Nights' journey. On 31 March 2017, a total of 27 very keen, excited and energetic individuals started the journey which was led by our very sporting and adventurous Group Managing Director, Dato' Richard Curtis.

Upon arriving at Rumah Ansi after a full day of air, land and river travel, we were renewed with a sense of determination. We collectively had one aim in mind – to take on the weekend's challenge and strive to paddle and row hard to reach the finish line. We were warmly welcomed by the locals who prepared a feast of local food and drinks. It was a night filled with laughter, fun and food.

Came the big day where CMS Team which consisted of two men's team (CMS Roar 1 and 2) and one ladies' team (CMS Roar 3) geared up to paddle through Day 1's Baleh rapids. The previous night's torrential rain had caused heavy flows over the rapids; however, this made us even more determined to paddle harder! We were all watchful, taking into consideration our navigators, captains and seniors' words of caution especially to not let history repeat itself – the capsized raft incident in 2012.

We were paddling hard when we were alarmed by a loud crash. Our worst fears came true – the strong currents pushed both the CMS Roars 1 raft and a competitor of another category

against a boulder and pinned them under a tree trunk. Neither the raft nor the longboat could be saved due to the rough river condition. We were thankful that no one was injured. As team members abandoned the wrecked raft, CMS Roar 2 paddled towards our fellow colleagues to help get them out of the rough waters. Though disappointed, we were continuously reminded to stay united and to never give up!

After two hours, we reached our first pit stop of the race. We alighted, cleaned ourselves and rested before we bonded with our new local hosts at Rh. Along that evening. We also witnessed a wild boar being sacrificed as an offering. We were graciously invited to join the 'Majlis Pemimpin Bersama Rakyat' event which was organised in conjunction with the raft safari. Deputy Chief Minister, YB Tan Sri Datuk Amar Dr. James Masing praised CMS for the unwavering and constant support and participation for the past six years. "Be like CMS, NEVER GIVE UP!" he concluded.

After a grueling 6-hour battle with the waves, CMS Roar 2 and 3 finally finished fourth place at the finishing line at the Kapit Terminal, greeted by smiles. The memorable experience was definitely challenging as we were pushed out of our comfort zones but it also proved to be very eventful and refreshing.

CMS sponsored RM20,000 for the Baleh Kapit Raft Safari 2017.

Y A Bhg General Dato' Seri DiRaja Tan Sri  
(Dr.) Mohd Zahidi Bin Hj Zainuddin  
(Retired)

# CAHYA MATA SARAWAK BERHAD

## 42<sup>nd</sup> Annual General Meeting

26 April 2017

Our deepest appreciation to Y A Bhg General Dato' Seri DiRaja Tan Sri (Dr.) Mohd Zahidi Bin Hj Zainuddin (Retired) who has stepped down as a Non-Independent, Non-Executive Director of CMS. We thank him for his invaluable contributions during his 11-year tenure with us and wish him every success in his future endeavours.

# CONGRATULATIONS

CMS Opus Private Equity's Managing Director, Y Bhg Dato' Hj Azam bin Azman was conferred a Datukship by His Royal Highness Sultan of Pahang, Sultan Ahmad Shah in conjunction with His Royal Highness' 86<sup>th</sup> Birthday at Istana Abu Bakar on 4 March 2017.

Dato' Hj Azam received the award for his contribution to the venture capital and private equity industry in Malaysia. He is a pioneer private equity practitioner in Malaysia and was the past Chairman of the Malaysia Venture Capital and Private Equity Association.

## CMS PRESENTS LONG SERVICE AWARDS

Datuk Syed Ahmad and Dato' Richard Curtis handed out awards to long-serving employees at CMS HQ for their dedication and contribution towards the company at a simple ceremony on 13 February 2017.

Congratulations to all Long Service Award recipients!

# SWIFT RESPONSE

by PPES Works

On 14 December 2016, our team from PPES Works (Sarawak) was hit with an unfortunate incident at one of our project sites – the Golden Bridge project, at the Kuching Waterfront.

A 200-ton crawler crane at the construction site tipped over at 3.40pm due to unusual and unexpected strong currents from the Sarawak River which in turn caused the barge to be unstable making it tilt and drift towards the southern pier. The tilt resulted in the crane's boom tipping over into the river.

Our experienced site team responded quickly and implemented emergency procedures to secure the crane, barge and the project site. Our team also swiftly installed barricades and flashing safety lights to ensure the area was safe and river traffic could pass.

Fortunately, there were no casualties or structural damage as a result of this incident. This is no doubt contributed by our strict adherence to site safety procedures.

However, due to the severity of the incident, the project was delayed for a month while a temporary 100-ton crane was mobilised. The 200-ton crawler crane was finally repaired and remobilised back to site in April 2017.

Special thanks to Benedic Gurei (Project Manager), Belinda Mason (Project Site Engineer), Elli Mering (HSE Officer) and the rest of the team for their swift response which prevented serious damage to the bridge, crane and barge.

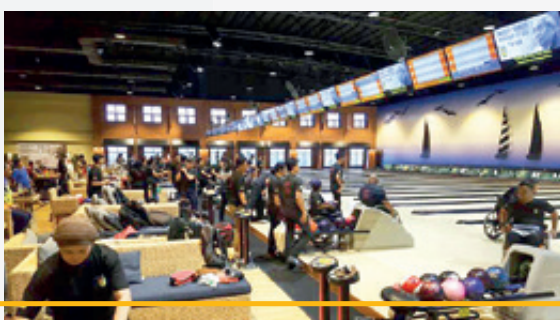

The Golden Bridge project which was awarded on 20 December 2013 on a turnkey (design and build) contract to PPES Works (Sarawak) / Naim Land JV, is scheduled to be completed end of 2017.

## Friendly game between **CMS AND BOMBA**

Jabatan Bomba & Penyelamat Malaysia Zon 1 Sarawak and CMS teamed up for a friendly game of bowling on 25 February 2017 at Megalanes Sarawak. A team of four who called themselves 'CMS Bowlers' consisted of Zaini Rawi, Raphael Edward, Khairul Hisyam and Arturo Pangilinan. Despite the tough competition, they clinched fourth place, with Raphael Edward being named the Best Male Player.

## Charity Tribute in Memory of **'TOK NAN'**

11 March 2017

A great turnout at the Tenpin Para Bowling Friendly Competition as members and individuals from SABATI, government agencies, and private companies along with the OKU/PARA athletes bowled for charity. The fundraising event was organised by Persatuan Tenpin Boling Para Negeri Sarawak. CMS was represented by:

1. Khairul Hisyam Abdullah - CMS Infra Trading
2. Raphael Anak Edward - PPES Works (Sarawak)
3. Pandetar Zin - CMS Cement
4. Kadir Sahari - CMS Cement

Two of our CMS bowlers won 4<sup>th</sup> place in the Overall Team Category and 10<sup>th</sup> place in the Overall Individual Category. Prizes were presented by YB Cr. Lo Khere Chiang.

CMS also contributed RM3,000 to fund the OKU/PARA athletes' training and development programme for the year.

# THE COLOUR POWDER IS BACK!

18 February 2017

Colours bursting in the bright afternoon sun to mark the start of Colour Rush 5.0 Run attracted more than 3,400 participants in Kuching.

The run organised by the Sarawak Children's Cancer Society (SCCS) in commemoration of International Childhood Cancer Day, aimed to raise funds and awareness in support of families and children battling childhood cancer in Sarawak. This year's theme "Joy" is dedicated to all the brave fighters of cancer.

CMS employees covered in multi-coloured powder were barely recognisable, ran the 5km route at the Sarawak State Library, Petra Jaya together with thousands of other participants. The coloured powder thrown during the run represented the children and the colours they bring into our lives.

CMS sponsored RM5,000 for the event.

## A RACE TO REBUILD ST. TERESA'S SCHOOL

8 February 2017

Thousands including former and present students, teachers, parents and friends of St. Teresa's School, Kuching gathered at the old State Legislative Assembly (DUN) complex to take part in the 3km and 8km 'Save St. Teresa Run'. The run was organised to raise funds for the rebuilding of St. Teresa's School hall that was engulfed by a fire on 29 October last year which destroyed the 2-storey wooden structure of the 131-year old school.

The run was flagged off by YB Datuk Hajah Fatimah Abdullah, Minister of Welfare, Women and Community Wellbeing, who also participated in the 3km category. Other activities lined up were kinesiology taping, Zumba exercise, photo-booth, health screening and lucky draws. Proceeds from the sale of souvenir mugs and wristbands will go towards the school hall's rebuilding fund.

# FUN RIDE

## KAYUHAN AMAL KASTAM

### 1Malaysia 2017

1 January 2017

For the first time, Customs Department organised a charity fun ride 'Kayuhan Amal Kastam 1Malaysia' at Wisma Kastam, Kuching.

Fourteen Cahya Cyclists rode 25km from Jalan Astana, crossing the Sungai Sarawak, Kampung Surabaya before ending at the Start/Finish point.

In conjunction with the 35<sup>th</sup> International Customs Day, the fun ride was organised nationwide and RM1.00 per entry fee was donated to the National Cancer Council Malaysia.

# DOING GOOD

in the

# WORLD!

26 February 2017

With the tagline 'Doing Good in the World', the Rotary Club of Kuching Central held its first charity run to raise funds for their community projects and youth development programmes.

CSR projects organised by the club were cataract operations for the low-income group, solar lighting systems for the rural community and provision of school kits for students of poor families in the rural and urban areas in Sarawak.

The run held in Kuching, offered three categories – 2km, 5km and 8km catering to runners with different levels of fitness. Parents and their young children were seen running or walking the 2km route while 41 of our CMS participants together with other avid runners took to the 5km and 8km routes.

CMS contributed RM5,000 to the Rotary Club for this event.

## Run for AUTISM AWARENESS

2 April 2017

The Kuching Autistic Association (KAA) organised its second autism run in conjunction with World Autism Awareness Day at Majlis Bandaraya Kuching Selatan, Kuching (MBKS).

Flagged-off by MBKS Mayor, Y Bhg Dato James Chan and KAA's President, Dr. Yao Sik Chi at 6.30am the run attracted more than 2,000 participants in the 3km and 7km route. Seen running were families with autistic children and 100 CMS employees.

The programme ended with lucky draws and the winners walked away with prizes such as sport shoes, shopping vouchers, hotel vouchers, airline tickets and many more.

KAA aims to create awareness and reach out to the public especially parents to accept autistic children in our society while raising funds for their educational and training programme.

CMS contributed RM5,000 to KAA.

## FUN TIME with MILO

2 April 2017

From afar, the green Milo tents could be seen across the grounds of Pustaka Negeri Sarawak at Petra Jaya, Kuching. The grand set-up for the Milo Breakfast Run was amazing. The Milo props and photo booths were placed strategically along the paths leading up to the starting line. The display attracted participants who eagerly took turns snapping photos as they walked towards the gathering crowd at Jalan Pustaka.

Huddled in the middle of the 6,000 huge crowd, the sound of an air horn was heard and everyone started moving forward. It was the start of the Milo Breakfast Run! Participants dashed and ran, some walked and carried their children while others pushed their baby strollers along the 3km route. The route took them to Stadium Perpaduan, Sarawak Aquatic Centre and Lawn Bowling field before returning back to Pustaka Negeri Sarawak to receive their goody bags of Nestle and Milo products.

# THIS YEAR, RESOLVE TO BE BETTER BY REDUCING, REUSING & RECYCLING

13 February 2017

Each new year, many of us resolve to lose weight, exercise more, even as simple as to better ourselves in some way. This year, why not resolve to be kinder and gentler to our planet? And that was exactly what CMS did!

The recycling campaign organised by Group Internal Audit Department started early this year which gave everyone an opportunity to spring clean their offices and homes to usher in the New Year.

We received an overwhelming response from CMS employees who arrived all excited to offload, with stacks and parcels of recyclable items, comprising of newspapers, aluminium cans, cardboards, mixed papers, and plastic bottles. The response was so good that a second recycling truck had to be called in. It definitely was good timing for recycling!

The total collection weighed 6,336kg, worth RM1,759.30 will go towards charity.

Word of thanks from the organiser, "We would like to thank everyone for all their contribution in helping us make this recycling campaign a huge success"!

## HELPING ONE OF OUR OWN

26 January 2017

CMS Cement Division continued 'Doing Good' by helping one of their own - family of the late Mohamad Jamil Bin Kepot who passed away on 12 August 2016 from Hypoxic-Ischemic Encephalopathy post CPR after suffering from diabetes.

From CMS' Group Term Life Insurance, a cheque of RM56,064 was presented to Mohamad Jamil's spouse, Puan Jenap Bt Mahari to help ease the family's financial burden.

Mohamad Jamil joined CMS in September 2007 as a Security Guard and was subsequently promoted to Office Assistant in 2015. He left behind a spouse and three children aged 18, 16 and 12.

Handing over the cheque to Puan Jenap by CMS Cement GM of Marketing & Logistics, Encik Suhadi Sulaiman and GM of Finance, Mdm Teo Choi Ngo.

## BLOOD DONATION

### A Life Saving Commitment

4 March 2017

It was amazing to see donors arriving an hour early and waited eagerly for our CMS Blood Donation Drive at Wisma Mahmud, Kuching. By 8.45am, the first name was called, followed by 40 others who were already waiting in line. There were many familiar faces most of whom were repeat donors from the Group.

Donating for the first time was Victoria Ding from CMS' Legal Services Department who came with her mother in tow, for moral support! Unfortunately, we had fifteen others who were not eligible to donate mainly due to high blood pressure.

Our thanks to the medical team from the Sarawak General Hospital's Blood Bank for their assistance and to our blood donors for their patience and unwavering support.

## DOING GOOD

for

# PERKATA

30 April 2017

CMS employees, all proudly clad in our 'Doing Good' orange-coloured t-shirts from seven CMS subsidiary companies got together to set up ten stalls to sell a variety of cakes, cookies, fruits, pastries, fried noodles, nasi lemak, satay, curry chicken, bamboo glutinous rice (lemang) at the Sarawak Association for the Welfare of Intellectually Disabled Children (PERKATA) Open Day Sale. They raised a whopping RM15,054.90 which will be used to fund the special school's activities.

# NEW WALKWAY FOR SK KAMPUNG NYALAU

19 January 2017

Twenty-four employees from Samalaju Properties, CMS Concrete Products and CMS Premix all came together to help build a new covered walkway for SK Kampung Nyalau, Bintulu.

Our volunteers together with the Parents-Teachers Association and villagers laid concrete for the walkway and planted flowers and trees around the school compound.

CMS sponsored the newly completed 66-meter covered walkway which will provide shade for the students and teachers when walking from the school entrance to the classrooms.

The event was officiated by YB Majang Renggi, in the presence of Chief Executive Officer of Samalaju Properties, Goh Chii Yew and Assistant General Manager of Bintulu Development Authority, Wan Ibrahim bin Wan Ali.

## SOLID FOUNDATION for Carmelite Monastery

26 January 2017

Over 100 CMS Quarries and CMS Premix employees volunteered over three Sundays to carry out rebuilding works at the Carmelite Monastery in Kuching.

CMS Construction Materials & Trading Division also donated 5,000 MT of quarry waste worth RM55,000 which was used to fill the monastery's foundation and compound area.

Built in 1978, the Carmelite Monastery's building had over the years been infested with termites which caused it to rot.

The rebuilding works were supervised by Auxiliary Bishop Simon Poh (the new Archbishop of Kuching) with the help of their construction supervisor.

# LONGHOUSE GETS NEW FACILITY

26 February 2017

On a rainy Sunday morning, our volunteers from CMS Premix in Bintulu and Miri helped with the preliminary works for the construction of an outdoor toilet for the longhouse folks of Rumah Jangi, Ulu Sebauh, Bintulu.

Our volunteers cleared the site of rocks and discarded wood before mixing cement and laying the bricks to build the toilet wall. The much needed facility will be used by the longhouse folks and visitors during communal and festive activities.

Currently, they are still in need of construction materials such as nails, cement and zinc roofing, and more extensive work has to be done before the toilet can be completed.

## EMPLOYEES HIKE UPHILL TO HELP CHURCH

18 March 2017

Hiking up a hill is already in itself a challenging feat for most people but it is even tougher when one has to carry a heavy load uphill. That was what our group of CMS volunteers from the Construction Materials & Trading Division did.

They carried wooden planks, bags of sand and gravel from the foothill of Mount Singai, Bau all the way up to the Catholic Memorial Pilgrimage Centre, which is approximately 228 meters above sea level. The materials will be used to build a new stairway with platforms leading up to the Centre, as well as to construct a new building. It took them four grueling hours to carry the materials to the top!

Kudos to our volunteers! On top of that, they also contributed RM220.70 towards the church's building fund.

# EMBRACING THE DIGITAL REVOLUTION AND GOOD CORPORATE GOVERNANCE

This year, the Group Internal Audit workshop covered a topic on 'Embracing the Digital Revolution and Good Corporate Governance'. It was an enlightening session led by our Group Internal Auditor, who shared his knowledge on key areas such as:

- Rapid evolvement of technology
- Impact of technology on the Business Environment
- Information Technology Risks
- Evolvement of Internal Audit in response to the digital revolution
- Importance of Good Corporate Governance (CG) including the Role of Technology in CG
- How does Good CG add value to businesses, and
- Three lines of defence – roles and contributions to good CG

Real life case studies were also amongst other interesting topics shared during the half-day session.

The workshop was incorporated with a little more fun with some live interaction from the participants. During the course, questions were posed and answers were crowdsourced from the participants via their mobile devices encouraging contributions from everyone. An opportunity was also given to apply the knowledge gained from the workshop as they worked through two case studies with their team and shared their answers with the rest of the participants.

The session ended well with a scrumptious lunch trusting everyone had something to take away on the importance of the rise of technology and the need to embrace good corporate governance.
